1 Priority #:

Priority Area: Coordination of Primary Care and Behavioral Health Services

Priority Type: SAT, MHS Population(s): SMI, SED

Goal of the priority area:

Coordinate consumers' primary and behavioral healthcare in order to improve consumer health and reduce medical costs

Strategies to attain the goal:

- 1) Continue to coordinate preventive and primary care for Health Home participants
- 2) Conduct pilot of Children's Health Home project focusing on children with serious emotional disturbance and obesity
- 3) Continue outreach to Medicaid-enrolled adults who 1) have a substance use disorder or serious mental illness, 2) have high annual healthcare costs, and 3) are not currently enrolled in behavioral health treatment

Priority Area: Crisis Intervention

Priority Type: SAT, MHS
Population(s): SMI, SED

Goal of the priority area:

Promote safety and emotional stability, minimize further deterioration in mental state, increase access to treatment and support services, and improve individual outcomes for individuals in behavioral health crisis; better utilize limited criminal justice and healthcare resources by linking individuals needing behavioral healthcare services to those services

Strategies to attain the goal:

- 1) Identify and address structural barriers, miscommunications, and consistent patterns that reduce access to behavioral healthcare services
- 2) Provide behavioral health expertise to law enforcement, court personnel, and primary healthcare staff in order to more effectively respond to behavioral health crises
- 3) Advocate for and engage individuals in crisis in behavioral health treatment and support services
- 4) Provide immediate person-centered interventions to individuals in mental health crisis and facilitate timely access to services and supports

Goal of the priority area:

To enhance Children's Behavioral Health services by increasing the knowledge of effective services, supports and interventions, enhancing the skills of service providers and expanding services based on the needs of the children, youth and families served.

Strategies to attain the goal:

- 1) Expand access to Treatment Family Homes (TFH), Parent Professional Homes (PPH) and Family Support Providers (FSP) to children, youth and their families receiving services through the Adolescent C-STAR Program.
- Revise MO State Plan to include TFH, PPH and FSP services for Adolescent C-STAR and propose to CMS. Continue to revise proposal as needed in response to CMS review and feedback.
- Develop training curriculum related to TFH, PPH and FSP services and the specific needs of children, youth and their families eligible for Adolescent C-STAR services
- Pending CMS approval of CSTAR revised MO State Plan proposal, provide training to DBH service providers using curriculum developed related to TFH, PPH and FSP services and the specific needs of children, youth and their families eligible for Adolescent C-STAR services.
- 2) Depending on the state of the economy as directed by state government, prepare to submit a budget request for increased funding to support additional ACT Teams for Transitional Age Youth.
- 3) Include a "monthly" news blast section in existing DBH Newsletter to distribute articles, research and stories specific to behavioral health and early childhood, children, youth and their families.
- 4) Develop a partnership with the Department of Elementary and Secondary Education (DESE) to improve transition planning and services from high school to post-secondary education and/or employment for children and youth receiving DBH services.
- DBH Staff from children's services and employment services will participate on a state level transitions team with DESE to develop strategies for expanding and enhancing local school-based transition teams.
- 5) DBH service providers will actively participate on local school-based transition teams for the children and youth receiving DBH services.
